

Verdugo Hills HOSPITAL

For Canadians seeking orthopaedic medical care at Verdugo Hills Hospital, we ensure that distance is not an obstacle in receiving high-quality, personalized care. Verdugo Hills Hospital, which is based in Southern California, was named one of the Nation's Top 100 Orthopaedic Hospitals by Solucient, a national data company, and the Human Motion Institute.

Verdugo Hills Hospital is dedicated to providing excellent care to its patients from Canada. Our compassionate team of board-certified physicians and highly-skilled nursing and administrative staff stand ready to help our Canadian patients receive the highest level of care away from home. Personal interaction remains a driving force behind our surgeons' work. And, we are dedicated to making our Canadian patients and their families feel comfortable throughout their stay.

Some of the benefits of Verdugo Hills Hospital's International Medical Travel Program include:

- Individualized discounted packaging for each patient.
- Use of the latest advanced medical technology and techniques to minimize hospital stays – both for orthopaedic and spinal cases.
- Innovative orthopaedic surgeries are performed, including the minimally invasive anterior approach hip replacement surgery.
- Board-certified internists and specialists on staff at the Hospital conduct follow-ups to ensure the medical needs of patients are met and patients are on the road to recovery.
- Assistance with hospital admission and coordination of all patient appointments, including pre-operative work, is available to Canadian patients.
- Capability of Telemedicine Consultations – physician will conduct personal conference with patient.
- Verdugo Hills Hospital will provide a complete medical report to the patient's continuing care physician.

As a DNV accredited health care facility, Verdugo Hills Hospital places high focus on patient safety and quality care. The Hospital's central location makes it easy-to-access for patients and their families. It is conveniently nestled in the beautiful foothills surrounding Los Angeles. Verdugo Hills Hospital is a 158-bed community hospital that features the finest in primary care services, including Fast-Track emergency services, comprehensive inpatient and outpatient diagnostic and treatment facilities, and a family birthing center.
